

Getting started.
In a few minutes.

1. go to www.tapio.one
2. register as a customer
3. enter your machines
4. enter your users
5. activate DataSave

Finish.

tapio

digital.
wood.
works.

DataSave

Benefits

- _ protects machine and configuration know-how
- _ faster service in case of breakdown
- _ saves time to relaunch production
- _ saves service costs
- _ backups with a click of several machines

DataSave ensures productivity by automatically saving configuration data securely on **tapio** for all machines at once.
